REPUBLICAN ENVOY ASKS SUFFRAGE AID

Mr. Parsons, New York Leader, Makes Direct Appeal to Women at Convention.

NON-PARTISAN STAND

VOTED AT ATLANTIC CITY

Resolution Felicitates Suffragists

That for First Time a President

Has Expressed Belief in Cause.

ATLANTIC CITY, N. J., September 9.

A direct appeal to the woman suffragists of the country to support the public candidate for President, in return for the service he has rendered the cause of equal rights, was made by Herbert Parsons, republican national committee man from New York, at the night session of the national woman suffrage convention.

When Mr. Parsons had concluded Dr. Anna Howard Shaw, who presided, rose and said:

"The one non-partisan thing I can say is that whichever party brings us success, of that party we will not be ungrateful."

Mr. Parsons was one of several speakers, including Raymond Robins of Chicago, chairman of the last progressive national convention, who strongly urged votes for women.

"I came from New York to pay tribute to the women of America, who are fighting for the greatest issue before the country today," said Mr. Parsons.

"Partisan for Suffrage."

"I have read your resolutions that you are non-partisan. I have observed the work of suffragists in New York at elections and know that they are not for those who are against them. They are non-partisan one way, but partisan for suffrage."

Mr. Parsons spoke briefly on preparedness and hoped that the result in the twelve suffrage states this autumn would show that the suffragists stand for that.

The outlook for suffrage in New York seems to me to be a splendid one, he continued. "Suffrage stands in a position stronger than a year ago, and when New York women get the ballot the federal amendment will come soon after."

Mr. Parsons said that he was not thinking of the present campaign, but he was going to the limit to get that result which will fully enfranchise women.

Declaration of Principles.

The convention in its final business session today adopted a declaration of principles, in which it reiterated its adherence to the policy of non-partisanship. Adherence or hostility to any party, the declaration said, is to be condemned.

The most significant result of the recent work of the association, the declaration states, is that every political party has put woman suffrage in its platform, and that every presidential candidate has expressed himself in favor of it.

One of the resolutions accompanying the declaration of principles, all of which were adopted, felicitates the suffragists for the first time as a President of the United States has publicly declared his belief in woman suffrage. Delegates questioned the accuracy of this statement and asked if John Quincy Adams, Abraham Lincoln and Theodore Roosevelt had not forced suffrage, but the historians among the delegates agreed that they made no such public endorsements while they were President.

Urge National Action.

Other resolutions urged upon the democratic and republican parties that inasmuch as their platforms endorse suffrage, they pass through Congress the federal amendment and also support suffrage legislation in the states. The association also urged the passage by Congress and the states of thorough and comprehensive corrupt practices acts.

Portland, Ore., asked that the fifth annual meeting of the association be held in that city in 1918.

The association adopted a resolution instructing its congressional committee to concentrate all its resources upon a determined effort to carry the federal suffrage amendment through the last session of the Sixty-fourth Congress.

The national association, the resolution further states, pledges the support of the state organizations and authorizes the national board to take such direction of the work in the states as may be necessary in its judgment.

This resolution is a compromise and is a substitute for the one presented several days ago, which stated that the principal and immediate aim of the national association was the passage of the federal amendment, and that all state work was merely preparatory to that end. The first resolution caused such opposition that it was withdrawn.

Officers Unanimously Elected.

The officers nominated at the primary yesterday were today unanimously elected. Most of the old officers, including Mrs. Carrie Chapman Catt, president, were re-elected.

Notice of a proposed change in the name of the national association was given by M. Carey Thomas, president of Bryn Mawr College.

New York city, Detroit, Little Rock, St. Louis, Dallas, Terre Haute, Chicago and Providence want the next national convention, which will be held in March, 1917. The national board will select the city.

Steps were taken to consolidate several of the state publications, with the view of establishing a national organ to espouse the cause of equal rights.

Only the liquor question is the big national problem which remains to be solved, speakers on the prohibition special train told Wisconsin crowds, today.

Both Hany and Landrith declared that, while the President did not "go all the way" in his speech last night, he had shown no disposition to oppose suffrage in any form vigorously.

"He has sidestepped the suffrage road roller along with Hughes and me," said Landrith, who formerly opposed suffrage.

Italians Recapture Lost Trenches.

ROME, September 9, via London.

Strong Austrian forces attacked the Italians in the Adige valley, on the Trentino front, Thursday night and broke through the Italian trenches. The greater part of the lost ground was recovered in a counter attack, the war office announced today.

GREECE FACES DILEMMA; MUST REACH A DECISION

Reservists Raiding Houses of Greeks

Aligned With the Venizelos Party.

Special Cablegram to The Star.

LONDON, September 9.—Something akin to a revolution exists in Athens. Reservists are raiding the houses of Greeks who have aligned themselves with the Venizelos party. Their professed object is to prevent plots against the government. The police are powerless to handle the situation.

Meanwhile, the allied ministers are conferring with Premier Zaimis. Greece is confronted with a dilemma. The allies, whose demands are backed up with the threat of a coroner's jury here tonight, are demanding the same freedom of action. Greece must make a decision one way or the other without long delay.

10,000 AFRICAN NATIVES

TO BE SENT TO FRANCE

Plan Is to Utilize Them as Dock

Laborers Under Military

Discipline.

PRETORIA, Union of South Africa, September 9, via London.—Gen. Louis Botha, premier of the South African Union, today announced that an arrangement had been made to send 10,000 natives to France for dock labor.

The natives will be recruited voluntarily and will be organized into five battalions of 2,000 men each, under military discipline, with trusted officers.

Each battalion will have a chaplain and its own medical officers, while a fully equipped hospital will be provided for the contingent. Gen. Botha said the scheme was the result of a request made by the natives to be allowed to assist in Europe as they had done in German Southwest Africa and German East Africa.

WINS 100-MILE AUTO RACE.

John Aitken Makes Clean Sweep of

Three Events at Indianapolis.

INDIANAPOLIS, September 9.—John Aitken, an Indianapolis driver, won the 100-mile race, the final event on the program of the Harvest Auto Racing Classic, held today at the Indianapolis Motor Speedway, making a clean sweep of all three events. His time for the hundred miles was 1:07:06.4, an average of 84.4 miles an hour. Hughie Hughes was second, Wilbur D'Aleone third and George Buzane fourth.

With only two laps to go, Rickenbacker was leading, when his right rear wheel collapsed and he was put out of the race.

PLANNING TO SURRENDER.

Reactionary Leader in Mexico, With

7,000 Men, to Quit Fighting.

MEXICO CITY, September 9.—Gen. Pablo Gonzalez, it is understood, has concluded negotiations for a twelve-day truce, and that every presidential candidate has expressed himself in favor of it.

The armistice is to give time to complete arrangements for the surrender of Gonzalez and his men, estimated to number 7,000.

WORKING ON PLAN FOR BORDER PEACE

American-Mexican Commissioners Summon Gen. Bliss

to Give Expert Advice.

PROPOSE TO CONSIDER

BIGGER ISSUES LATER

Joint Sitzings at New London Will

Be Resumed Tomorrow and

Continue Daily.

NEW LONDON, Conn., September 9.

American members of the joint commission considering relations between the United States and Mexico are finding some difficulty in devising a satisfactory plan to insure peace along the international boundary. The full commission was not in session tonight, but Secretary Lane and Judge Gray of the American commission, after an all-day struggle with the various plans that have been suggested for policing the border, decided to resume expert military judgment to their assistance.

For that purpose they asked that Maj. Gen. Tasker H. Bliss, assistant chief of staff of the army, be sent to New London to confer with them. He is expected to arrive Monday, when the full commission resumes its sittings.

Gen. Bliss recently completed an inspection tour of National Guard camps along the entire line and also spent some time with Gen. Pershing's forces in Mexico.

The commission has not attempted as yet to go beyond the immediate selection of deserving children present some difficulties, and as several districts in the war zone now are the scene of heavy fighting, their transportation to Holland may be delayed somewhat.

TO CARE FOR "WAR BABIES."

Germany Accepts Dutch Offer to Provide for Those From France.

BERLIN, September 9, via London.

September 10, 3:40 a.m.—Germany has accepted an offer from the Dutch government to give shelter in Holland to French "war babies"—young children from the occupied districts of France.

Selection of deserving children presents some difficulties, and as several districts in the war zone now are the scene of heavy fighting, their transportation to Holland may be delayed somewhat.

Wider Issues Coming Later.

The wider scope of the commission sought by the Washington government will be reached later.

It was stated authoritatively today that the subject of possible loans to the Carranza government had not been mentioned by either commission and that there was nothing to indicate that such a project would come up.

The Americans are trying to be said, to give helpful advice to the Mexican government in facing the internal problems it has encountered. For the present, at least, the border situation is the only one being considered with the idea of bringing immediate concrete results.

The commissioners who remain here over Sunday will do so work tomorrow. It is expected long sessions will be held every day next week and that a border plan will have been virtually completed in that time, ready for submission to the Washington and Mexico city governments for ratification.
